

DAMIFE VICTOR ODUNUKAN

Junior Web Developer | Frontend Development | Remote-Ready

Damife3@gmail.com | [LinkedIn](#) | [Portfolio](#)

SUMMARY

Junior Web Developer with hands-on experience building responsive, functional websites using HTML, CSS, and JavaScript. Comfortable working across the full build process, from Figma handoff to live deployment, with a growing foundation in Tailwind CSS, Git version control, and cross-browser testing. Quick to pick up new tools and frameworks, currently expanding into React and component-based development. Reliable, detail-oriented, and eager to grow within a development team.

TECHNICAL SKILLS

- Languages:** HTML5, CSS3, JavaScript (ES6+)
- Styling:** Tailwind CSS, Bootstrap, Responsive & Mobile-First Design
- Tools:** Git, GitHub, Figma, Adobe XD, Chrome DevTools, VS Code
- Platforms:** WordPress, Shopify (Liquid)
- Currently Learning:** React.js, REST APIs, Component-Based Architecture

PROJECTS

- BIG G Landscapes — Website Redesign** — *HTML · CSS · JavaScript · Client-Side Routing*
- Built a 7-page site as a self-contained single-file app with custom JS routing (no framework), fully responsive across all viewports
 - Optimized images and assets for fast load performance; implemented Flexbox and Grid layouts pixel-accurately from design mockups
- Brindabella Hearing & Speech Centre — Website Redesign** — *HTML · CSS · JavaScript · Accessibility*
- Redesigned a healthcare website with semantic HTML, accessible color contrast, and JS-powered routing across 7 pages
 - Ensured cross-browser compatibility across Chrome, Firefox, and Safari with consistent rendering on all screen sizes
- Testimonials Grid & Clipboard Landing Page — Frontend Challenges** — *HTML · Tailwind CSS · Flexbox · SVG*
- Built pixel-accurate UI components using Tailwind CSS Grid, custom fonts, box shadows, and SVG hover transitions

EXPERIENCE

- Freelance Web Developer** | Self-Employed 2023 - Present
- Built responsive client websites using HTML, CSS, JavaScript, WordPress, and Shopify across multiple industries
 - Worked from Figma mockups through development, testing, and delivery, adjusting to feedback along the way
 - Used Git and GitHub for version control, maintaining clean commit histories across projects
- Shopify Frontend Support** | Lonewolf Stores Feb 2024 - Early 2025
- Edited Liquid templates and CSS to implement front-end updates, contributing to a 25% lift in conversion rate
 - Helped cut page load time by 40% by optimizing CSS and removing render-blocking scripts

EDUCATION

- NIIT Front-End Developer Academy** | 2021 - 2022 | HTML, CSS, JavaScript, Responsive Web Design
- TechCrush Frontend Development Bootcamp** | June 2026 | Accredited by the American Council of Training and Development, USA
